## Your Beautiful Caribbean Holiday

Familiar topics that interest learners but that do not overexcite or disturb

It is said that for every individual dream of faraway sands there is a perfectly matching Caribbean Island. For centuries the Caribbean has enchanted and captivated the traveller with the combination of perfect beaches of dazzling white sands, palm trees shaking in the soft winds and a pace of life that is decidedly relaxed. We have selected four of the most popular islands: St. Lucia, Antigua, Jamaica and Barbados.

### I. St. Lucia

A mystical island of volcanic mountains, St. Lucia is a charmed and charming place. Its scenic grandeur is second to none: secret bays of deep sand, sky-high mountain sides covered in dense forestry and whole valleys

of banana groves make for dramatic scenery and yet they are upstaged for sheer rarity by its most famous landmark- the twin volcanic cones, called the Pitons. With a history as complex as its tropical greenery and perhaps the friendliest people in the Caribbean, it's difficult to know if they are a product of the island or the vital ingredient that makes it what it is. Either way, they welcome the visitor with a refreshing enthusiasm-and a spicy traditional cuisine. St. Lucia is undeveloped (as are its roads and services!) and while it remains unspoilt, it may spoil you for anywhere else.

### II. Antigua

It's said that Antigua has a beach for every day of the year and its rocky coastline of deep inlets, long peninsulas and natural harbours certainly supports the theory. However, it's a legend that is difficult to prove, for visitors to the island are so quickly intoxicated with the gentle pace, infectious calm, and general contentment, that noone is inclined to do a count. One thing is certain, the coral island of Antigua has the finest shores of pink-white sand in all the Caribbean. Apart from the beach, there is plenty of sightseeing as Antigua's unsophisticated charm is spellbinding. In the capital, St. Johns, wooden balconies a century old overhang the street and the market is a battlefield where gossip is exchanged with goods.

### III. Jamaica

As colourful as its history, as lively as its local reggae rhythm, and as scenic as any island you will find, Jamaica's magical magnet draws eager visitors to its shores in ever-increasing numbers. Woodland and waterfalls, history and tradition, sun and sports, modern Jamaica has it all. The sugar-white sands of the north coast resorts are legendary and bordered with offshore coral reefs, providing a wide choice of water-based activity, from snorkeling to jet skiing, scuba diving to parasailing. The landscape too, more than simply beautiful, lends itself to recreation. You can climb the water-smoothed steps of Dunn's River Falls, play golf on a number of world class courses, go rafting on the Rio Grande. So much more than sun and sand, Jamaica is the Caribbean encapsulated, a rich reserve of holiday resorts.

### IV. Barbados

As British as cricket and afternoon tea, as historic as piracy on the high seas, as exotic as calypso and coral reefs, as Caribbean as you could wish, Barbados is a matchless mix of sunshine, sport and sophistication. The sunniest in a sea of tropical treasures, Barbados is blessed with beautiful beaches, where, centuries ago, smugglers and pirates used to land. The fashionable west coast is caressed by the cool Caribbean, while the eastern shoreline is battered by the crashing Atlantic surf. Those who enjoy land sports are well looked after, with championship golf and floodlit tennis courts and on warm Barbados evenings the 'millionaires' playground' of the West Indies comes alive with the characteristic music of steel bands, the cool sound of jazz and the more relaxed Latin American rhythms. Yet the island preserves a certain charm, gentility, and sophistication, in classical colonial plantation mansions, in old-world values of courtesy and dress code and the time-honoured tradition of taking life slowly, so it lasts longer... Decide that 'rushing' is just something they make baskets from and you're well on the way to discovering the Barbados spirit.

Which island would you recommend for a holiday maker who...

All films need good photography to help develop the story. <b>27</b> ) He or she makes sure that the photography supports the story. He or she has a lot of responsibility and leads the teams in charge of lighting and cameras.				
28) He or she is the person who needs to understand exactly what the director wants and design the most suitable costumes. The costumes have to be comfortable so the actors can move easily, but at the same time they need to match the characters the actors are playing. It's a job that requires imagination, research and you have to know how to make things!				
It could be said that the most important person in the creation of a film is the producer. Without a producer there would be no film at all! The producer steers the film through all its stages and is the person who finds the money to finance the whole film. <b>29</b> ) During the whole filming process, it is the producer's job to make sure that everything goes well. <b>30</b> )
