<https://en.iyte.edu.tr/academic/academic-calendar/>

2.2- Course Lists

Students are placed into the levels and classes based on The Common European Framework of Reference for Languages / CEFR. The students who have taken preparatory English courses for an academic year as a result of this placement are expected to reach B2 (Upper-Intermediate) level.

You can see the course details for all classes on the table below.

Group Name	Course Name	Weekly Course Hours	Starting Level (CEFR)	Final Level (CEFR)	Purpose
Level 1	Integrated skills	24	A1	B2	EGP*
Level 2	Integrated skills	22	A2	B2	EGP
Level 3	Integrated Skills Productive Skills	18 2	A2+	B2	EGP

*English for General Purposes

2.3- Course Definitions and Objectives

Integrated skills course taking place in our Preparatory program is intended to improve students' reading, listening, speaking, and comprehension skills by providing them with grammar and vocabulary knowledge. These courses are designed to help students be proficient enough to use the language in both academic and

non-academic contexts.

With sufficient guidance and intensive practice program, our school contributes to the critical and analytical thinking skills in order to be able to train students as independent learners.

At the end of the courses that are supported with grammar and vocabulary practices to increase students' proficiency level and their self-confidence in reading, writing, listening and speaking, students who can write efficiently and can understand what they read gain the proficiency of analysis,

synthesis and evaluation of the knowledge with the help of their critical thinking skills.

With the help of audial and visual aids, our school contributes to the pronunciation, speaking, discussion and presentation skills of the students in order to improve their listening and effective communication skills. By this way, the students who have been exposed to the spoken language actively will be able to communicate by using the language fluently and accurately in both academic and non-academic contexts.

At the end of the preparatory program, which is designed with a holistic approach, students will be able to use the spoken language efficiently and communicate in English fluently and accurately.

2.4 – Testing & Assessment System

For undergraduate and graduate students, the exemption conditions for the School of Foreign Languages English Preparatory Class are as follows:

Students with a score equal to or above the score set by the School of Foreign Languages will be eligible to take the second stage of the exam. Students who score below the set score in the first stage of the exam will have to attend the Preparatory Class. Students who do not attend the second stage of the exam, despite getting a passing score from the first stage of the exam cannot be exempted from the Preparatory Class. Students who are eligible to take the second stage of the exam are entitled to continue their education in their faculties if they can score 60 and above out of 100 in this exam (see Figure 1).

(Figure 1. Placement & Proficiency Exams)

 - PTE (Academic): 71 and above
 - YDS / e-YDS / YÖKDİL: 70 and above

Level 1	A1	B2
Level 2	A2	B2
Level 3	A2+	B2

*English for Academic Purposes

After students are placed in levels, it is not possible to make any changes. Therefore, participation in the first stage of the exam is crucial. Students who do not take the Stage 1 Exam start from the lowest level, 'Level 1'.

2.4.3 – Successfully Completing the English Preparatory Class

In order for students to graduate from Preparatory Class successfully, their End of Year Success Score must be at least **60** (out of 100), which is the sum of the **60%** of the Yearly Achievement Score and **40%** of the Final Exam score, provided that the Final Exam score is at least **50** (out of 100).

The Yearly Achievement Score is obtained by adding 60% of the Term Exam average, 20% of the Quiz average, and 20% of the Class Performance Grade (CPG) average.

2 Term Exams and 6 Quizzes are administered in an academic year and CPG scores are given 2 times. In addition, students receive individual and/or collective written and/or verbal feedback from their teachers regarding the assignments, presentations, etc. they are responsible for.

By designing projects and organizing activities, it provides cooperation and interaction between SFL and its stakeholders in the society.

Students are informed about the details of the projects and activities in the 'Announcements' section on <https://ydyo.iyte.edu.tr/> and on social media accounts.

Some projects carried out in previous years are as follows:

- Charity Bazaar
- Charity Run
- Educational Excursions

2. Extracurricular Activities

What is an extracurricular activity?

It is a club that can help you meet new people and make friends, all in a relaxed and creative atmosphere outside the traditional classroom where we can encourage students to actively use English while doing activities that they enjoy. It is a great way to spend your free time, and also an inexpensive way to have fun!

We started the Extracurricular Activities with the hope that students who attend the club meetings will

achieve three main goals:

- Practicing the vocabulary and structures they have already covered in their individual classes.
- Expanding their knowledge of vocabulary and structures with new ones they discover during their club activities.
- As a result, they will have benefited from the club activities by both consolidating their current knowledge and discovering new items of vocabulary and structures that will definitely help to improve their English skills.
